CRI is a leader in UC Services, an Avaya Gold DevConnect and Avaya Gold Business Partner, and a member of IBM PartnerWorld. We provide expert professional services to ensure that your integration of the IBM Lotus Sametime and Avaya software, allowing click to call and aggregated phone presence, is delivered professionally and on schedule.

We have expanded our UC practice to include Lotus Sametime, enabling us to work together on many unified communication installations. CRI has the experience and expertise needed to bring the full benefits of Lotus Sametime to the customer's enterprise network.

Partner for Success!
